

## [Randy Meier](#)

### **Graphic/Web Designer**

I hired Randy to revamp my website and because of him I no longer pay for advertising in the traditional sense. I do pay for my web presence but because of the strategic thinking Randy has provided I continue to stay in the top 3 organic local searches for my specialty. I have been more than satisfied with Randy and his team. I would recommend Randy to anyone, except my local competitors, for obvious reasons. Blessings to all. Dr. A November 27, 2011
