Dear Jon and Wesley:

On behalf of the Board of Directors and staff here at New Hope Center for Grief Support, I want to sincerely thank you for sponsoring the creative and technological design of our new website. The response has been quite favorable and we find the project a true success!

We are extremely grateful for your decision to select our organization. The amount of time, money and support you have donated is such a generous commitment to our mission and the grieving people we serve!

I want to express my appreciation to your entire staff: Art, Lauren and Sarah who have been so helpful and cooperative during the entire process. As the Development Director, I am not a web/marketing person and they have been wonderful to work with; and continue to provide any knowledge or assistance we need.

This is a critical period of growth for our non-profit agency to expand our services and attempt to become a well-known ministry to help anyone who has experienced a loss. Our collaboration with High Level Marketing is the first step with that plan.

Thank you again for making this investment in the community through New Hope. It will make a difference in our strategic plan to increase our program awareness.

Sincerely,

Tim Cassidy
