

Dear Wes and Randy:

I wanted to take a moment to thank you both for all the work you've done for me this year. The website design is awesome, and every time I've asked for a change, it's been changed instantly. I could not have asked for more responsiveness. Lauren is outstanding.

In the past I have tried YP.com and many other advertising companies. The lead quality was abysmal.

You guys are hands down the best SEO Company I've ever worked with. I do personal injury and criminal defense work. Pay per click is about \$30 here in Baltimore. You guys have me on the top pages in just a short period of time. I am getting quality leads, clients and very good traffic and will continue to recommend your company to everyone that asks my opinion.

Thanks guys!
